NEW

Start to adjust your ring Quality!

1 What's important in your diamond?

To stay within your budget, your diamond carat weight will change as you adjust your diamond's qualities.

Diamond Size

Copy 1:

Image:

Copy 2:

Copy 3:

Diamond Size

Approximately 0.53 carats

This is your diamond's estimated size (not to scale) based on your selections.

Less Sparkle

More Sparkle

A diamond's sparkle is based on its cut.

Clean (to the naked eye)

Flawless (under magnification)

Most imperfections are only visible when magnified.

Slight Color (not easily visible)

Colorless (very rare)

Slight color is not easily seen without magnification.
